Jesus (hint: *Sign of Jonah*\SJ Mt16:3-4) critisized falling for the *Law of Triviality* (eg. predict weather, but skip climate,...). Hebrew prophets Jer.7 Isa.28 made Jerusalem's fall predictable by ~30CE. It's not credible that Jesus didn't have a plan to prevent that (before Judas*FamousManOfCities* overreached). Jesus likely asked: Why did Moses & Joshua not get Israel into God's Shabbat rest? Heb.4:9 How did Israel get into slavery after Joseph had saved Egypt? Moses did think a lot about how to prevent another slavery trauma Ex20f.,Lev25,Deut17:20, 29:24-9, ... What did Jesus infer about Moses?

JH: Did Jesus deduce Moses' Strategy by Deexing the Promised Land's 7Tribes Names?

If *nomen est omen,* the 7Tribes hints at a brittle class-walled society, ~collapsing (InSelfMagnifyingRuining\ISMR complexity):

All 7 Roles form a working innovation society *if* all Tribes keep learning. But if the need to learn exceeds learning speed due to stone-walling, then society splinters → collapses via ISMR → a new order restarts the cycle at a great loss (disaster ends the old when it doesn't lets go). It's the history of *Homo serpiens* in a nutshell. Any escape? JH suggests: Moses vision was a nation of *Balance-o-stat species* individuals valuing *gentle kind reasonable equity justice*, learning to walk in each other's shoes and vigorously working to develop unified views of reality, based on **Reality**\Yahweh (***no OverComplicating***\Baal, ***no OverSimplifying***\Asherah, ***no OverReaching***\Moloch). The Torah is full of innovations to this end: eg. 3 research-revival conference-festivals/year to *Learn the Past*, to *Act Now*, to *See the Future* with contributions from all, peer-review by all, rigorous standardization, incorruptible evidence-based judges, innovative prophets, an admin-democracy of justice for all, & smart Jubilees Lev.25 Isa.61 Hes.46 Acts.2-5 to guard economic justice, correcting the worst inequalities every 50 years to cut recession-chaos. These names give it away:

LLoL's systems science review shows: Moses' innovation strategy works! It grows ~anywhere, like cruciform mustard seeds.Mt.13:31 It guards ergodicity OLT to avoid ruts & pits that livelock & deadlock all non-ergodic societies until ISMR.

JH: Ergodic flip of 7Tribes to 7ChangeStages := 7Churches in *Revelation of Jesus* Rev.2-3

Jesus came to complete Moses' work: debug & restart that OLT innovation economy via *gentle kind reasonableness*. Churches knew Rev.2-3 is for all Jesus followers. LLoL JH deexing shows, it's also a smart innovation adoption cycle:
