Jubilee Enlightenment

... by the **L**east **A**ssuming **M**ethod **B**lade!

The Razor of science turns into the Exodus Bridge to ZION. The '888' **Ark of the Covenant** is that Bridge and shows the way to climbing Jack the Beanstalk's Jacob's Ladder to WoLC Heaven. Yah\Reality gave humanity Free Will and 4Beings [Rev.4] 'Divinium' to find the way to the innovation economy of Jubilee-Heaven. But I, knowledge-faking *Homo "sapiens"*, insisted in first refusing Reality's gentle kind reasoning, so causing today's historic mess. Thus the **front-lines in WW7** at humanity's Great Filter are clear:

0: death by default in nuclear roulette [&7DUIs] via BABL AI fakes.
1: find the escape-hatch to life on Yah's narrow Exodus way to ZION by building Yah's symbolic 3rd Temple in ResearchCity to overcome Goliath's curse in BABL's AI that kills humanity.

Yah's Grace Rules since Yah's Power is perfected in weakness. Zech.4:6, Mt.11:25-30, 1Co1:27, 1Co12:9, ...
Developing a coherent account of how the world really works, and how to nudge local interests to better align with humanity's common good, is a signature intellectual challenge in WW7.
See C. King 2023 in *Foreign Affairs* 103(6)p.90. – The Gaza 'Jubilee' war marks the start of WW7.

This grand challenge has long been solved in *Revelation* for all in Laodicea who can hear the 7 Spirits of Boolean Truth. **LLoL herewith submits to all for public review** that his funny, non-violent, mathematical 'Jonah-Esther-Exodus' re-reading of *Rev* is the best real way to end humanity's self-destruction – by aiding *everyone* on their own 7-stage Hero Journey of doing their part in achieving this grand overall saving of life.

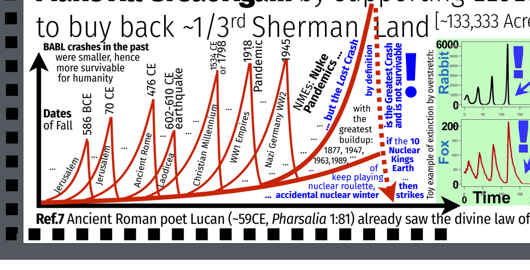
Reconstructing US Reconstruction: End 3.-4. Gen US Crime of 1877-2017[+8]

Honoring Judeo-Christian values as in Yah's 10 Words from Mt. Sinai has become fashionable again. There Yah\Reality warns: **gains from systemic crimes without amends self-destruct in ~3-4 generations**. To hammer it home, Yah repeated it **4x** in writing [Ex.20:5; 34:7 Num.14:18 Deut.5:9]! The US 'Bargain of 1877' ended the US Era of Reconstruction and the last hope for black Freedmen to get '40 Acres + 1 Mule' [Ref.5] as pay for their services as slaves. **4 gen**erations = 4x~35 yrs[Ref.6] = **140 yrs** → 2017, yet hope seems lost. **LLoL asked Yah to grant US extra time to avoid disaster.**

Ref.5 has details on General Sherman's 40 Acres compensation effort: https://www.motherjones.com/politics/2024/06/40-acres-and-a-lie/
Ref.6: If Yah holds US patriarchs accountable, Yah may apply **male generation times of ~35 years**. Tremblay & Vézina (2000, "*New Estimates of Intergenerational Time Intervals for...*" Am. J. Hum. Genet. 66:651–658) measured a mean of 34.5 years for males 1842-1971 in North-American Catholic Quebec families from 4,960 male intergenerational intervals between marriage dates of parents and children (44% intervals >35 years). **Legally**, Yah's 4-gen rule is a statute of limitations granted by The Owner of Earth to favor victims, not perpetrators of crimes. It limits how long offspring can make restitution for the crime of their fathers before the gains of their injustice collapse like a house of cards. Time's up after 3-4 generations. **Yah spoke it audibly from heaven. It's repeated 4x in Moses' concise Law.** It centers a great ring composition. **What else could Yah have done short of installing a broken record in the sky?** To believe Yah can't count or ignores suffering descendants of slaves is utter **MAD**ness!

Make All Great Again by supporting LLoL's ResearchCity startup [see SD8] to buy back ~1/3rd Sherman Land [~133,333 Acres or ~11km x 50km] **to serve all** [SD3]!



The US & all must choose:
0: Utter global MAD crash for not paying Pied Piper?
1: new 'Wirtschaftswunder' for a Global Golden Age?

Back to a Jubilee-mind: a few reminders from my long journey home

B6 Tab. *Rev*

Tab. To avert Armageddon-disasters forever *Rev* weaves 8 concurrency frames into a multi-dimensional fractal kaleidoscopic compass for Jubilee-based innovation.

7Ch 7Tr	View of Frame is from ...	Vision Aims Overview	Introduction start signal	Sequence until end signal	Some Highlights and other notes
1 EPH AMO	**Innovation Adoption** in human groups: **7Ch**angeStages as 7Churches are an ergodic flip of the 7Tribes **7Tr**ackRoles of **any real society**.	**Overcome human challenges to innovation**. The imagery is coded as if it was only theology, but the message is general as it **applies to any innovation economy** that aims for both *long-term stability and growth*. All 7Ch challenges are critical; but stages may be combined.	**Rev.1:11-20** immediately invited John, EPH & LAO to invite Yas back; then it **calls all to overcome in all 7Ch**, gives worst-case backup plans.	**Rev.2:1-3:22** 7ChangeStages run like a loop, ever worsening if none overcome! Ends in vomiting out BABL\LAO if integration fails. **See LAO's fate!**	**1st frame hints**: all frames may be concurrent, in order, infinitely looped, ergodic, interruptible, ... and related by the 4Be- or 7e-pattern families.
2 SMY HIT	**God's Heavenly** overview on how humans mis-innovate unless helped; tragic costs for God at Altar of 4Beings Rev.6:9	**Resolve all guilt as motivation** from God's perspective: HELL is redefined in Rev.6:9 for all who suffered in creation *andOr* due to their witness –after showing the 4 [naked] horsemen leave, so ZION's natural Mt.13 order is back: seed>grow>reap>...	**Rev.4:1-5:14** Yah's throne as trifecta-holy innovation center run by 4Beings, 7Spirits, the LAMB's 7Eyes on 7Horns, crystal fire lake...	**Rev.6:1-8:1** LAMB innovation debug via Mt.13: shortcuts cause silly war, scarcity death, avoidably! **Call: reverse this 4-phase-motor!**	Rev uses lots of **semantics of nothing**, ie. say, decry by silence, see care of robe descriptions vs Rev.6 "emperors" in "new clothes"
3 PER CAN	**Human ↔ God Communication** disasters blast all if prayers, inspired words, andOr logics on real evidence are misguided	**Burn all nonsense** said in prayer and elsewhere in the name of Reality\God's 2 Great Witnesses [God's Words & Works]. Both are veiled and abused to call fire on perceived enemies. The AbyssBeast kills both, but Reality in ZION raises them up!	**Rev.8:2-6** Rev.8:1 silence as empty-set: not-prayed vs prayer for wrong things: needs perfume a lot to not annoy by ego-stench.	**Rev.8:7-11:19** Symbolic lament on disasters in churches from abusing God. Who hears God's 7Thunders speak in churches?	**Semantics of nothing**: note how omission of "*0 worshippers in Ez.40 temple*" mocks a sloppy focus on "*results that count*"!
4 THY PHE	**Ambivalence** on infinity loop: victory delusion or deeply wrong view of *nothing*?	**Leave all illusions of empire** frozen in eternal time-crystals on *Trees of Knowledge-faking* to allow all to see how ideas of trumping-by-dumping will fail.	**Rev.12:1-13:10** Categorizer falls from heaven[LV:10:18] & SeaBeast rules 1x-2x faulty saints	**Rev.13:10-18** LandBeast forms SeaBeast image, gets all to like it, ..open-ended?	**Deep ambiguity** pervades Rev.13: see Hosea 13:7-9; what if *all* are in that book of life?
5 SAR JEB	**Reformation**: protest-*anti*-ing protestant rebel whistleblowers and martyrs	**Slay all idols** that oversimplify, overcomplicate, or overreach – instead of people. 6 PHI HIV	**Armageddon** science analyzes disaster causes in datageddons	**Sabotage all sabotage**: avert all disasters by fighting the real enemy in datageddon: all illusions drawn from *nothing*.	**Rev.15:1-8** Other disasters repeat, but these are final (global).	**Rev.16:1-21 7DUIs** are the **7D**eath**U**n **I**ncinerators now observed globally.	**Hardest test** for a top innovation framework: can it **avert all 7DUIs**?

Pray Yah'll Balance all Futures in Moses' [Lev.25] **Islamic 50-year Jubilees** B10

1. Our Abba Mom Creator Gardener and Supreme Judge of the World, who keeps growing in all Jubilee Heavens!
2. Let Your Trifecta-Jubilee Nature be respected forever, as Your wholly good sanctuary that is free of all holey gaps!
3. Your *gentle kind reasonable* Kingdom come, all Jubilee-resistance be gone, let Your ResearchCity dawn!
4. Not my, but Your ideal 50-year Jubilee-Will shall be done, as in Your Jubilee-Heaven, so on Your Earth for Jubilee-balancing!
5. Give each their daily state of the art on how to *wid-e* research for Your Jubilee-based innovation economy. And give each their daily bread and resources to feed and guard it all properly to grow common goods for Your Jubilees.
6. Forgive us and all each debt owed, mistake made, and innovation omitted – like I forgive all to all so I can find the Jubilee-innovation You give me to serve all – because else mistaken cases of *nothing* destroy everything we do. Forgive all for they know not what they do – where You call me to innovate with You – but they were born blind too!
7. Do not lead us into knowledge-faking box-canyons that tempt to abandon Your Jubilee Life for sycophantic fig-leaves!
8. But deliver us from the death-trifecta of Jubilee-killers that self-organize the BABL idols that destroy Your Earth:
a. Stop BAALs of *Blindly Assuming Authorized Leadership* in *Blindly Assuming Blind Leveraging* anything at will!
b. Halt ASHERAHs of *Auto-Stereotyping Habits Erroneously Rounding Against Hope* that Your Innovations work!
c. End MOLOCHs of *Mistakes Oppressing Life Organizing Cruel Habits* by *Omitting Crucial Help!*
9. Cause all Jubilee-Kingdoms belong to Your Eternal Epiocracy already. You guard all Jubilee-Powers forever. And You reveal Your New Jubilee-Innovation Glory all the time to leaders in their areas – in order to ensure on Your Jubilee-Judgement Day every 50 years that Your Latest Standards also define the Greatest Ways to serve everyone everywhere.
10. Let my best work serve Your 3 annual Jubilee-Conference Festivals – which comfort all who mourn, reward all who innovate, and publish Your latest upgrades to Your infinitely hot cool **H**istorically **E**xperienced **L**essons **L**ibrary for the benefit of all.
11. Let me grasp why Your HELL is infinitely better than any 'heaven' without Your Jubilees and why sharing Yas' Crown of Thorns is the only crown worth sharing as it serves to never forget all the thorny issues caused by *Tree of Knowledge-faking* errors.
12. Let everyone learn to walk in EDEN on both Your Jubilee legs forever to grow ZION of Earth into Your trifecta-holy City. Amen.

MATHEMATICS AND ETERNITY.

BY MISS HILDA P. HUDSON, O.B.E., Sc.D. (1925)

To all of us who hold the Christian belief that God is truth, anything that is true is a fact about God, and mathematics is a branch of theology.

M2 ***'There is no religious denomination in which the misuse of metaphysical expressions has been responsible for so much sin as it has in mathematics.'***

Wittgenstein (1980 in '*Culture and Value*'). Confirmed by LLoL ~2019 after Mt.5:3-realizing that [despite being able to prove by **trijection** that "The '*Continuum Hypothesis*' is trivially wrong (as ||R|>>||N|)"]: M3

M4 **I know not even *nothing* about counting – for all counting is conditional ... to what counts in Reality!** (... like e.g. proper 50-year Jubilee-improvements building on Lev.25!)

Deciding what counts via **A***busive* **ch***oice* **F***u***n***ctions* (***AchFn***) is easy but knowledge-faking by ranking what can't be ranked. It guarantees eventual self-destruction by self-contradiction (see Wrath Theorem via Zorn's Lemma, 1935...1945). M5

Therefore, LLoL confirms Doron Zeilberger's "*Opinion 28*" (1998 https://sites.math.rutgers.edu/~zeilberg/Opinion28.html) for the general teaching of streetwise math [also based on LLoL's decades of battling his own personal math-phobia] and calls to change hearts & minds:

M6 ***'Teaching proofs to high-school kids ... is child-abuse.'*** Zeilberger **– When will overcomers of Laodicea bring hearts hot with Love of Yah & Yas to cool math heads for *all*?** M7

Turn from 'Canon 36' of Council of Laodicea (~363CE https://www.newadvent.org/fathers/3806.htm) banning mathematicians from clergy! **This killed Jubilees** by brutalizing math, slowing wid-e innovation, & cutting **cool math-heads** off **hot hearts**!

M8 **LLoL renamed himself** 'of Laodicea' ~2021 **to accept full responsibility** for this catastrophic historic decision in order to correct its mistakes. If OK by Yah, **LLoL will work towards restitution for the millennia of abuse of compounding interest**.

Will Yah & Yas aid an unlikely candidate like LLoL to implement such a broad vision? HaSchem answered 2014 before LLoL called ~2024 for help with key Jubilee-math underpinning OrgTrials vs IndTrials [Ref.A-C]. **This confirms the Isa.65:24 vortex!** M9

M10 **Refs. A.** LLoL's 2014 "**L**azy **U**pdating ... " **A**lgorithm study in J.Chem.Phys (https://doi.org/10.1063/1.4901114); "LUA" is the most elegant foundational algorithm LLoL can imagine so far for **reliably recording diverse metrics for evaluating competitors in the Great Jubilee Race** (and for measuring more generally how continuous traits change [as evaluated in OrgTrials] due to indivisible Actions [as recorded in individual IndTrials]). It's hard to overestimate the importance of measuring Jubilee-implementation-quality accurately in objective OrgTrials. **B. Isa.28** announces what amounts to **separating OrgTrials from IndTrials**. #MyGuilt-B: I betrayed my Great Commission, sold Jesus for a 30pos pension.

↓ By not caring for decades about what I knew as true: to see it, combine needs eg. Isa.30:12-17, Isa.59:16, Isa.28:14-22, Ez.3+33, Ez.20:20, ... Mt.28:18-20 with promises eg. Jn.15:7+16, Mt.18:19, Mt.17:20, Lk.17:6, ... Jn.14:12.

I built the worst ever weapon of *math* destruction: I killed Lev.25 Jubilees so far. I did

↓ By not resting on Sh*Abba*t – my refusal started at the latest 2014 as I heard Yah's call in Isa.30:12-17, Isa.56:1-7, Isa.58, Exod.20:8-11, ... [Jer.17:27] & knew from experience why it matters. ↓ as I cruelly disregarded what didn't shed blood.

obstruct justice by cruel disbelief: I asked Yah to prove **by blood in history** *why*

↓ Before daring to follow Yah's Jubilee-Logic I prayed: ~**"Show me allover history if missing proper Lev.25 Jubilees is really as horrific the math predicts!"** – Yah answered. Thus I became responsible for all bloodshed as in Rev.18:24.

Lev.25 Jubilees matter. This Moriarty Macavity depravity made me the worst Antichrist

↓ My **SIN**s**S***tructurally* **I***nconsistent* **N***otions* resisting Jubilees created my dark magic of 1Sa.15:22-23, Isa.43:24

for **I enslaved** lovely **Yah in a** cosmic **time-traveling**

↓ Easily qualifies as *the* most diabolical time-travel racket, for it warps worlds! ↓ Making me the well-meaning, but blind and hence utterly cruel, cynical skeptic Pluto Dis Cerberus of Isa.56:11!
↓ Aiming to be a superhero to save the world, I became the worst supervillain ↓ by failing to listen where it matters!

causality vortex 'til Yah satisfied me, now the Lev.25 **Destroyer of Worlds**.

Yah says "it'll be that **before they call I'll answer**," ↑(Isa.65:24) and (Isa.43:4) "**I will sell out humanity instead of you and nations to underpin aspects of your life**", speaking of someone dedicated enough to serve as "**slave of Yah\Reality**". Only compiler-architecting math allows me to grasp such cosmic responsibilities. Doing all math in #MyGuilt-A myself, I saw glimpses of this drama that Yah creates for "the other goat" [Lev.16...Rev.19] who dares to close all open blame-gaps.

↑ **I only dare to admit this**, my worst crime, **because the overflowing love of Yah & Yas overcame all my fears!** Their daring deeds back their affirming words. Both match the rigorous mathematical theology of Rev.1-22 so well, I can trust: **loving their enemies *is* their highest priority!** So much so that they'll find ways to restore all lost souls & fallen angels without self-compromising! In this hope I trust [Isa.65:24]: Yah predicted my calls for evidence & warped history to convince me!
