Datageddon is defined by
data too disorganized to avert
disaster. Each Datageddon therefore
always triggers its Armageddon-disaster –
unless *gentle kind reasonably* resolved in time.
Datageddons self-organize by *incurious ignorant*
indifference. Like accidental nuclear winter ... as I can
prove. Here **I invite Your Excellency to preview my**

Inside (see SD1) is my
probabilistic forecast of

**ground-breaking
new solution
to the hard
and urgent
problem of
accidental
nuclear
winter.**

accidental nuclear winter
... and my vision to avert it:

Your Excellency can
only ignore me at Your
Excellency's own peril.

**Will Your Excellency aid
my Coalition of the Willing
to avert a nuclear Armageddon?**
